Stolen Karl tillhör stilen rokoko (efter franskans rocaille, "oregelbunden klippformation") som hade sin glansperiod i Europa under mitten av 1700-talet. Vår stol har inspirerats av mästare i Stockholm under 1700-talets andra hälft och har rikligt med handskurna detaljer i ryggen och på bocken.

The Karl chair belongs to the rococo style (after the French rocaille, "irregular rock formation") which had its heyday in Europe during the middle of the 18th century. Our chair has been inspired by masters in Stockholm during the second half of the 18th century and has hand-cut details on the chair's back and on the seat front and legs.
